

# ASWG ACTIVITIES

Tim Ross, NWS Office of Services  
February 12, 2002

# ASWG ACTIVITIES

## RECENT

- Committed to define a new load every six months
- Benefits include:
  - < Keeps load content manageable
  - < Software developers know what is expected

# ASWG ACTIVITES

## ASWG ACCOMPLISHMENTS

- Defined loads:
  - < 2.63 (WSP)
  - < 2.62I (Ice accrual load)
  - < 2.78 (2.8 development on old processor)
  - < 2.79 (2.8 development on new processor)
  - < 3.0 (defined but not yet submitted on RC)

# ASWG ACTIVITIES

- Evaluated three Request for Changes
  - < Two withdrawn by ACCB
  - < One requires Inter-Agency research (in progress)
